

# Employee Excellence

This month's Champion Employee of Excellence is Catherine Klang. Catherine states that she "truly enjoys all of her coworkers and appreciate the fact that we all do everything possible to provide the best patient care for our patients". She went on to write three pages of why she loves being a Champion at MHLC.

Her coworkers state that Catherine is always a pleasure to work with, has a positive attitude, and willing to lend a hand. She shows great leadership not only in her OR Manager role but also when new procedure and processes are developed involving multiple departments. She has a great working relationship with her coworkers and providers and never backs down from a challenge. When things get crazy, she remains calm and helps everyone else feel less stressed. She tends to go with the flow, which is so important in the surgery department as things can and do change daily. She cares about her patients and makes sure to always go the extra mile to ensure they are taken care of. She is hilarious and she has the BEST dad jokes around. Just ask her! Thank you Catherine for being such a great coworker for us and our patients. We are lucky to have you as part of our team of Champions.
