

Employee Excellence

This month's Champion Employee of Excellence is Emily Graham. Emily states that since starting here last year everyone has been so inviting and kind. You sure get the small town feel working here! My co-workers have been so helpful and patient in teaching me all I need to know working in Triage. It is a privilege to work in the town I live in and getting to work with

close community members.

Her coworkers state Emily is always willing to help others. When asked to do a task, she is always on board and takes it over. Great communication skills and very organized. Emily is MHLC COVID vaccine "go to person" here in the Primary Care Clinic. She has done a good job with communicating when things are rapidly changing. She has been very helpful with the COVID vaccine clinic and is well organized. I would say Emily does a great job with making the patient's feel

welcomed and making sure they have a positive experience. She is very professional in her job.

Thank you Emily for being such a great coworker for us and our patients. We are lucky to have you as part of our team of Champions.
